

WHEN YOU'RE WITH US.

Developing connections is the cornerstone for lifelong, meaningful recovery. Restoring those important relationships is part of the advancements in recovery. Together, we recognize that all individuals have strengths including their respective families, cultures, and communities. We approach recovery through a collectivist lens as opposed to an individualistic one.

Healing relationships, restoring family systems, and reunification are all part of the FamilyCARE mandate. As the individual recovers so does the family, the community and our society.

Your time spent at Simon House is designed to support your journey towards living a recovered life. Our recovery plans are made in partnership with our clients. Our strategies are designed to facilitate the reconstruction of lives and restored connection to loved ones.

Empowering Families to Recover for Life

What is the FamilyCARE Program

FamilyCARE recognizes addiction as a fatal chronic disease that not only impacts the individual, but the entire family system. FamilyCARE offers direct support to clients and their loved ones during treatment.

FamilyCARE is a multi-service program comprised of interactive groups and individual support that helps families develop strong coping strategies and raise awareness supporting their own therapeutic healing journey with confidence.

WHO WE ARE.

Simon House guides and empowers men to achieve lifetime recovery from addiction and all of its effects. Through our Core Values of compassion, acceptance, respect, integrity, accountability, and innovation, we will lead the way in addiction treatment and lifelong recovery. Our mission and core values are guiding principles which you will experience at all times while engaged with our program, whether as a client, family member, staff, donor, community stakeholder, or visitor.

RECLAIM YOUR LIFE.

FAMILYCARE OFFERS.

Programs are rooted in the 12 Step Model and are grounded in compassionate, holistic and empathic approaches.

FamilyCARE runs an interactive supportive group to help increase connection and community with families.

FamilyCARE is a compassionate, respectful, and empowering service that focuses on families and their journey for healing. The FC program is family centred, culturally responsive and solution focused. Services and supports are tailored to meet the unique family needs.

Families benefit by gaining education, resources, support and collaborative care for their healing and recovery.

FamilyCare also offers a **Family Reunification** program where fathers who have legal involvement with their children and families are able to access support. This service offers: advocacy, ongoing counselling, collaborative care, guidance and navigation through complex situations. If you need support to be reunited with your children and family this program is for you.

In addition to our FamilyCARE program, Simon House is proud to offer the following specialized programs and services:

- AfterCARE
- Indigenous and Cultural Services
